

Date:

To 101domain:

I/We, the **Current Registrant** of the Domain Name(s) listed below, identified by the **101domain Username**:

Request an **Account Transfer** of the Domain Name(s) listed below to the **New Registrant**, Identified by the **101domain Username**:

Domain Name(s): If you have more domains than fits in this field, please use the optional second page.

I/We, the **Current Registrant** of the Domain Name(s) listed above, certify that I/we have the right to authorize and approve this **Account Transfer**. I/ We understand that I/we may be required to provide personal identification, or other proof of identity, and/ or certain business documents to show that I/we am/are qualified to make this request.

I/We, the **New Registrant** of the Domain Name(s) listed above, understand that this **Account Transfer** does not always automatically result in a Registrant change. Due to various registry rules, there may be a separate charge to change the Registrant contacts, depending on the extension of the Domain Name(s) being transferred.

Notes/Applicable Fees:

My/Our signature(s) below certify that I/we have no unsettled transactions, and that there will be no retraction of the **Account Transfer** of the Domain Name(s) listed above.

Current Registrant:

Name:

Signature:

Company (or Company Stamp if applicable):

New Registrant:

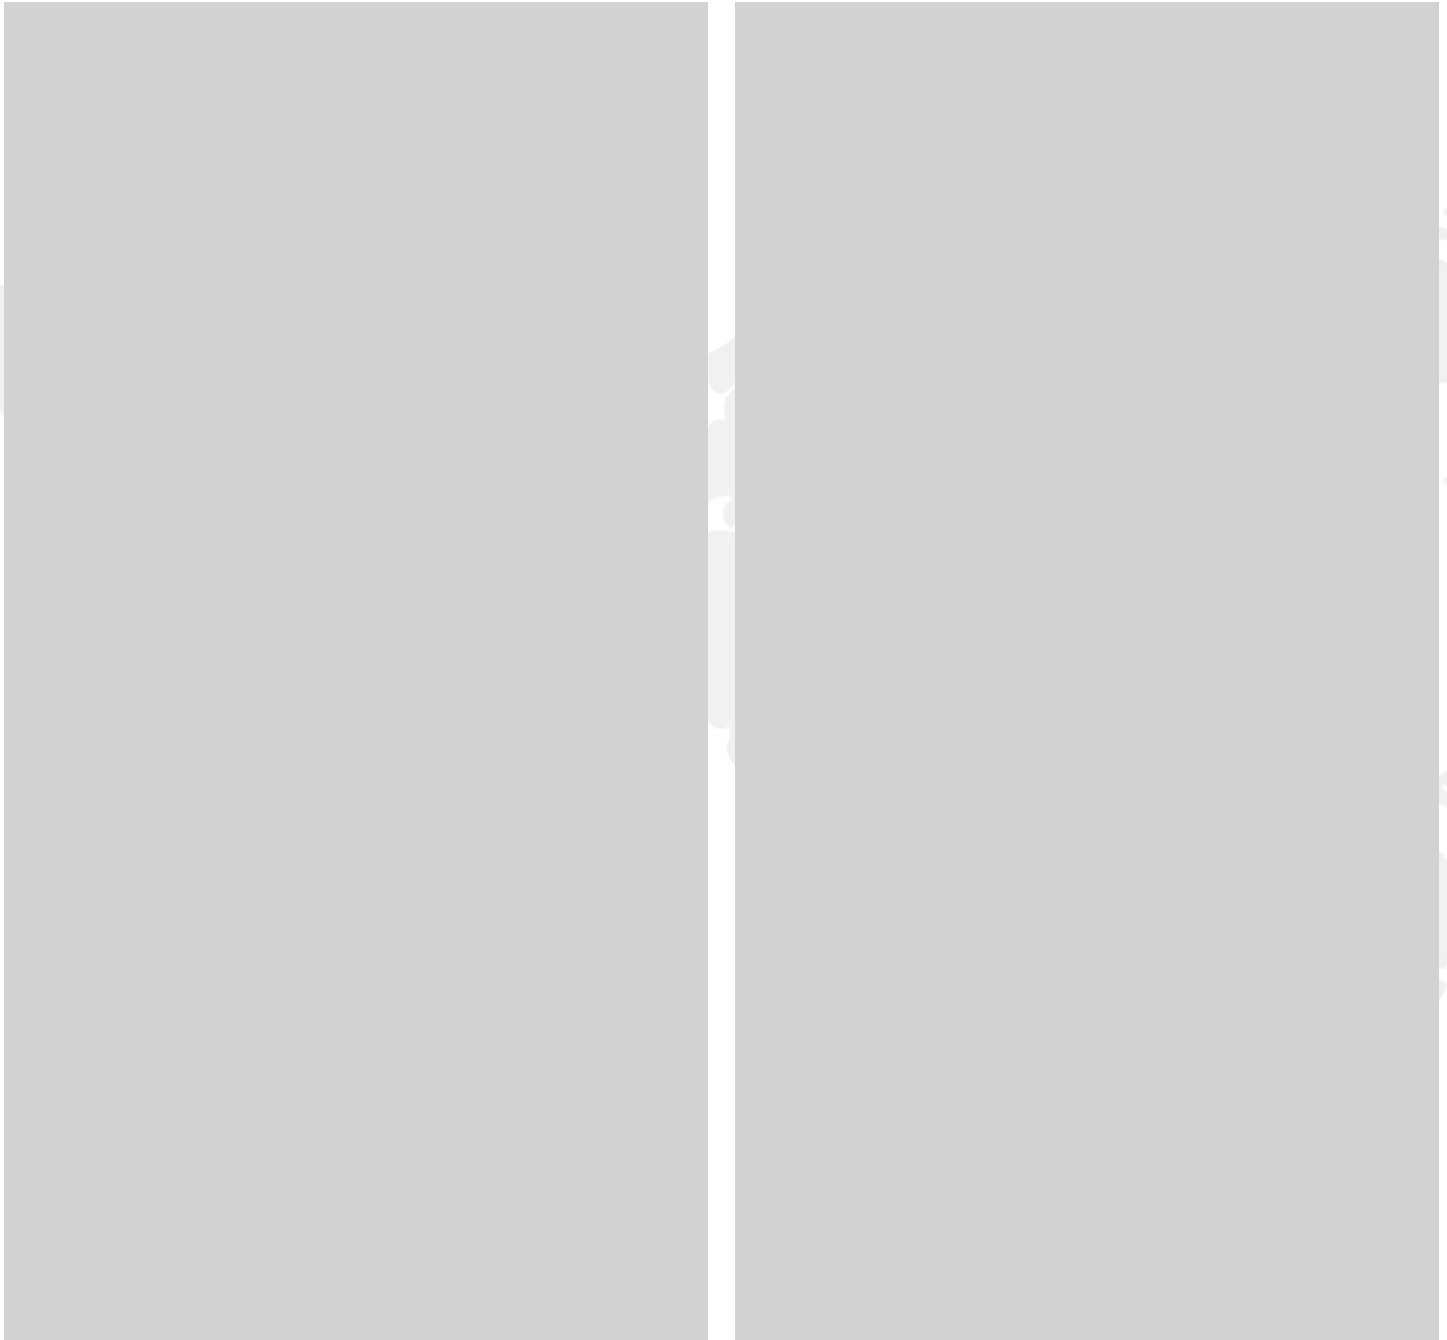

Name:

Signature:

Company (or Company Stamp if applicable):

Optional - If you have more domains than fit on page 1. (*Leave blank if not needed*)
